### *Embrace, Inspire, and Challenge Every Student Every Day...*

It's our mission statement, but it's also our philosophy on educating the students in our care. Through programs such as Singapore Math, AVID, International Baccalaureate, Gifted, STEM, and social and psychological supports, the Brandywine School District is building a culture of college and career readiness that begins in elementary school and continues through high school.

Additionally, the District promotes students' mental, physical, emotional, and social development through extracurricular and co-curricular activities such as clubs, physical education, fine arts, music, drama, and more.
